Helpful Hints

Four Seasons of Discovery

Spring - Enjoy blossoming trees, blooming flowers, and a few unexpected snow showers! Join us for the Annual Kite Festival or the Spring Arts & Crafts Fair, or simply enjoy touring the Historic District in the cool spring breezes.

Summer - Long warm days filled with blue skies and sunshine make the summer ideal for all your outdoor adventures. Catch a lift for a hike or bike ride at Pajarito Mountain, and then join us for the Friday night Summer Concert Series at Ashley Pond Park.

Fall - Discover the most colorful time of year with changing leaves, late-blooming flowers, and warm, golden light. Most days offer endless clear blue skies, with temperatures in the low 70's. Sunsets are stunning this time of year whether you're viewing them from the edge of the Caldera or from one of the overlooks. Bring a light jacket with you to dine at one of our local restaurants, so you can enjoy an evening stroll downtown and the starry skies.

Winter - Play in our white wonderland, with temperatures in the 40s, it's just right to enjoy all of your favorite winter activities. Enjoy skiing, snowshoeing, fat bike trails, ice skating, and more. Then bundle up in layers and count the stars on our clear, dark nights.

Tips From the Locals

Los Alamos has several specialty parks where you can enjoy a picnic, play a round of disc golf or miniature golf, let your four-legged friends play off the leash in a dog park, enjoy skate boarding, or play tennis by yourself or with a friend! Stop by the Aquatic Center to rent disc golf or miniature golf sets, or to learn more! For a fun winter outing, swing by the Aquatic Center and rent snowshoes and poles for the whole family.

Travel Truths

When visiting Los Alamos on the weekdays, remember our unique little town almost doubles in size as commuters and visitors spend the day with us. During mornings heading into town, and evenings heading out of town, Trinity Dr., Diamond Dr., Central Ave., and NM-4 can be very busy. In addition, the lunch hour in downtown is a bustling time, with friends, students, families, and coworkers eating together at the local restaurants. Plan ahead to avoid delays.

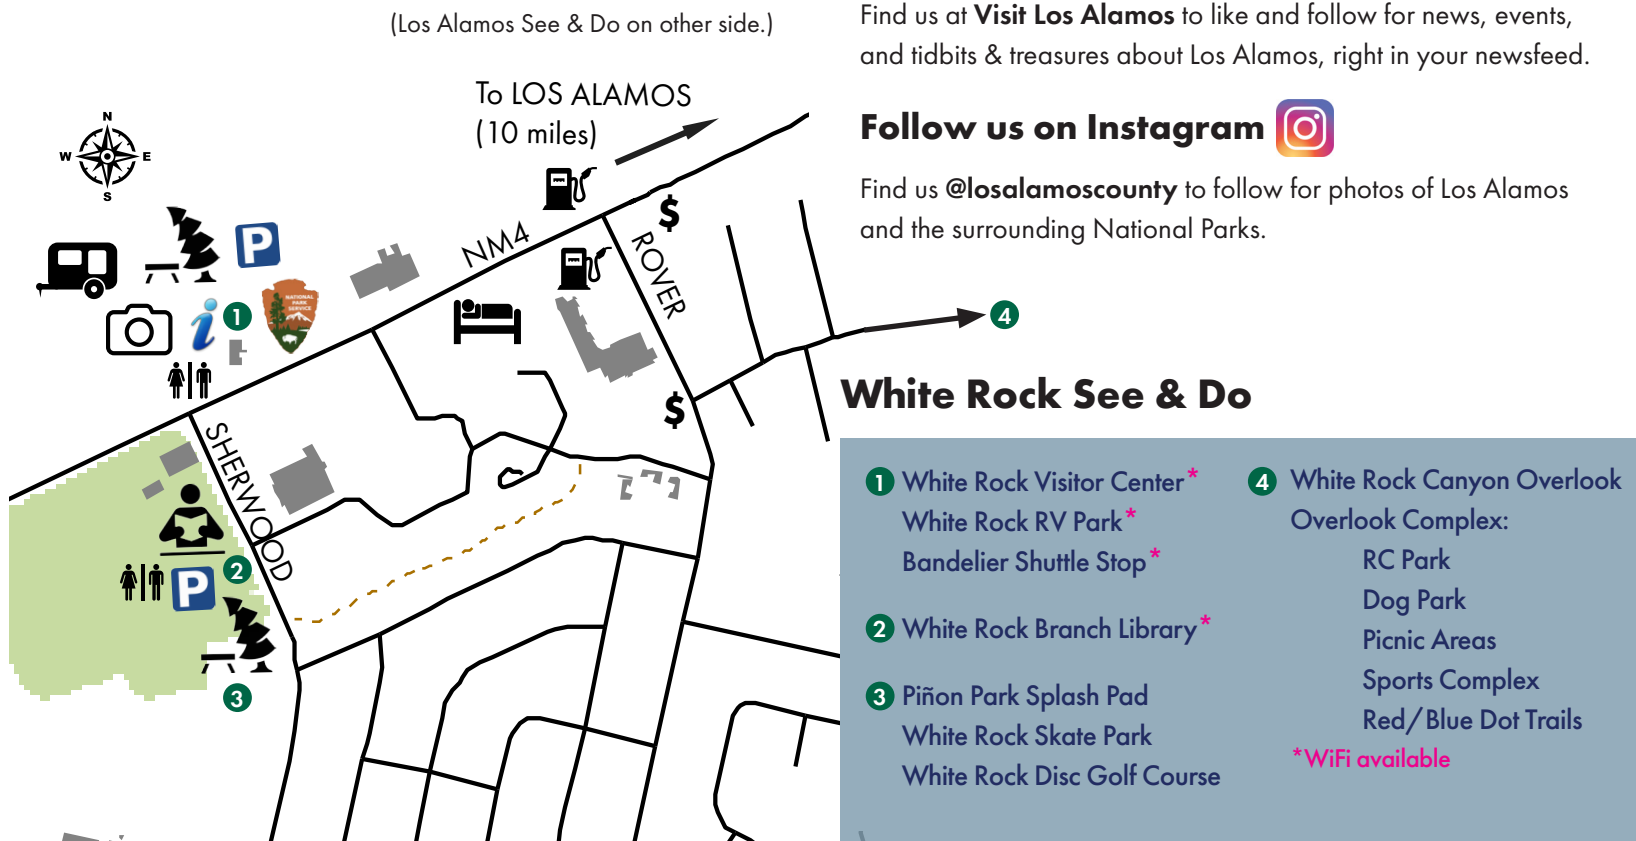

Driving on Lab Property

When using NM501 (aka East & West Jemez Road) to travel between Los Alamos and the mountains, you will need to enter the Los Alamos National Laboratory's (LANL) Vehicle Access Portals. Think of it as a little part of the Secret City's past you can still experience today! Public access is available for drivers of cars, large trucks, RVs, and trailers. Simply slow down and stop when you arrive at the portal. Please have a photo ID ready (valid driver's license, passport or federal/DOE badge) to provide to the representative at the gate. No photography, firearms, alcohol, or illegal drugs are allowed. Random vehicle inspections do occur.

Where Discoveries Are Made...

Welcome to Los Alamos! Now that you're here, we invite you to explore this rich area like a local. This is an insider's guide to our favorite places and experiences. See where locals take their friends and family when they visit, and where we buy gifts and mementos for loved ones. Be sure to pick up the companion **Walk & Shop** guide to find your new favorite place to eat, drink, and relax. If you're looking for a recommendation or a little more information, don't be shy. Just ask a local!

LOS ALAMOS
